3. OPERATIONS AND BUSINESS ACTIVITIES:

The Company's Profit/(Loss) after Tax stood at Rs. (224.55) Lakh for the Financial Year 2019-20 as against Profit/(Loss) after Tax Rs. (58.71) Lakh in the last Financial Year 2018-2019. Your Company is carrying on the business of Non-Banking Financial Company and holds a valid Certificate of Registration issued by Reserve Bank of India. Your Company intends to expand its financial market segment and capitalize the set up for the same along with increased capacity as required by the business. This year the Company could not do well for the reasons you all know that the spread of CORONA (COVID-19) Worldwide, has caused the Stock Market to crash again and again, ultimately, huge losses caused. Almost all activities have been affected; the office had to shut down. The Pandemic COVID-19, are still spreading and India is now in the same race as rest of the world in numbers in respect of spread of the Virus on daily basis. Still, we hope and see the silver lining in between, say it "CORONA KAAL". Let us hope that we will do much better in the coming years.

4. COVID-19

In the month of March, 2020, Pandemic COVID-19 developed rapidly into a global crisis, forcing governments to enforce lock-downs in the entire country and thereby stopped all economic activity. Accordingly, your Company has also to shut down offices and most of the activities of the Company for nearly 3 months. The situation in the country has worsened since then. However, the Government has phase wise allowed the offices and business activities to open subject to maintaining of certain safety guidelines. Therefore, your Company has also started its activities as per the guidelines given by the Government. We hope, the crisis should end soon and life becomes normal.

5. CONSOLIDATED FINANCIAL STATEMENTS

The Consolidated Financial Statements of the Company for the year 2020 are prepared in compliance with the applicable provisions of the Companies Act, 2013 and as stipulated under Regulation 33 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The audited consolidated financial statement together with the Auditor's Report thereon forms part of the Annual Report.

Management Discussion and Analysis Report

This Management Discussion and Analysis Report contain forward looking statements which are based on certain assumptions, risks, uncertainties and expectations of future events. The actual results, performance or achievements can thus differ materially from those projected in any such statements depending on various factors including the demand supply conditions, change in government regulations, tax regimes, economic development within the country and abroad and such other incidental factors over which, the Company does not have any direct control.

This Report is framed in compliance with the Securities and Exchange Board of India (Listing Obligations and Disclosure).

Company Structure & Development

Your Company is a Non Banking Financial Company engaged in the business of Investment in Shares and other securities, Loans and advances etc. NBFCs have played an important role in resource mobilization and credit intermediation, thereby helping commercial sector to make up for low bank credit growth. The government took immediate steps to bring curb the severity. As a result, the flow of resources from the banking sector to NBFCs did improve to certain extent. However, financial markets remained cautious on NBFCs and the squeeze in of inflow of resources to NBFCs has impacted the lending capability of the sector. The gradual improvement in liquidity situation indicates stabilization for the NBFC sector. Regardless of the recent panic, NBFCs are here to stay and will play a significant role in economic growth and financial inclusion.

The company's main activity is to invest in shares and securities as well as loans and advances. By understanding what's most important to our customers. We have been able to deliver the right financial assistance at the right point of time. We are continuously adapting to the changing regulatory framework, strengthening our capital reserves.

Internal Control Systems and their adequacy

The Company strives to continuously upgrade its Internal Control System in line with the best available practices to commensurate with its size and the nature of its operations. The Company's Internal Control Systems are thus adequate.

The Audit Committee in coordination with the Internal Audit team regularly reviews the adequacy and effectiveness of internal control systems, in view of the ever changing business environments. This has improved the management of the affairs of the Company and strengthened transparency and accountability. Your company is a small sized, listed under CSE and BSE, Non Banking Financial Company (NBFC).

Opportunities & Threats

The intense competition in the NBFC Sector, high cost of funds, coupled with regulatory restrictions - are some of the challenges for the NBFC sector. However, the opportunity of being a well regulated participant in the financial system is likely to outweigh the costs associated with greater regulations in the long run. Moreover, opportunities arising from large untapped rural and urban markets and increasing digitization are expected to benefit the NBFC sector.

Future Strategies

Your Company has the vision to be specialized in other financial services such as factoring, lease finance, venture capital finance, financing road transport and also in the business of securities-based lending such as Loan against Shares, Margin Funding, IPO Financing, Promoter Funding etc. The Company wishes to diversify its lending activities in future and look forward to grab the opportunities of the other Financial Sectors.

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2020

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

**The Members,
Visco Trade Associates Limited
18, British Indian Street
3rd Floor
Kolkata:-700069**

I have conducted the Secretarial Audit of the compliance of applicable Statutory Provisions and the adherence to good corporate practices by Visco Trade Associates Limited (Hereinafter called "**the Company**"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the Corporate Conducts/ Statutory Compliances and expressing my opinion thereon.

Based on my verification of the Visco Trade Associates Limited books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March 2020 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by Visco Trade Associates Limited for the financial year ended on 31st March 2020 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ['SCRA'] and the rules made there under; (**not applicable to the Company during the Audit Period**)
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings; (**not applicable to the Company during the Audit Period**).
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a) The Securities and Exchange Board of India [Substantial Acquisition of Shares and Takeovers] Regulations, 2011;

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF VISCO TRADE ASSOCIATES LIMITED
Report on the Audit of the Standalone Financial Statements**

Opinion

We have audited the accompanying standalone financial statements of Visco Trade Associates Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the pr and total comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

Note no 25(e) to the standalone financial statements which explains the uncertainties and management's assessment of the financial impact due to the lock-down and other restrictions and conditions related to the COVID-19 pandemic situation, for which a definitive assessment of the impact in subsequent period is highly dependent upon circumstances they evolve.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter (KAM)	Auditor's Response
1.	<p><u>Transition to Ind AS</u></p> <p>In accordance with the roadmap for implementation of Ind AS for non banking financial companies, as announced by the Ministry of Corporate Affairs, the Company has adopted Ind AS from April 1, 2019 with an effective date of April 1, 2018 for such transition. For periods upto and including the year ended March 31, 2019, the Company had prepared and presented its financial statements in accordance with the erstwhile generally accepted accounting principles in India (Indian GAAP). In order to give effect of the transition to Ind AS these financial statements for the year ended March 31, 2020, together with the comparative financial information for the previous year ended March 31, 2019 and the transition date balance sheet as at April 1, 2018 have been prepared under Ind AS. The transition has involved significant change in the Company's policies and processes relating to financial reporting, including generation of reliable and supportable information. In view of the complexity arising from implementing the principles of Ind AS at the transition date, which could result in a misstatement in these Ind AS financials statements, this has been an area of key focus in our audit</p>	<p>Our audit procedure includes:</p> <ul style="list-style-type: none"> • Read the Ind AS impact assessment performed by the management to identify areas to be impacted on account of Ind AS transition. • Understood the financial statement closure process established by the Company for transition to Ind AS. • Read changes made to the accounting policies in light of the requirements of the new framework. • Assessed the judgement exercised by the management in applying the first-time adoption principles of Ind AS 101 especially in respect of fair valuation of assets and liabilities existing as at transition date. • Assessed the judgement applied by the Company in determining its business model for classification of financial assets. • Tested the accounting adjustments posted as at the transition date and in respect of the previous year to convert the financial information reported under erstwhile Indian GAAP to Ind AS. • Assessed disclosures included in the Ind AS financial statements in accordance with the requirements of Ind AS 101, with respect to the previous periods presented.
2.	<p><u>Impairment loss allowance of loans and advances</u></p> <p>Impairment loss allowance of loans and advances ("Impairment loss allowance") is a key audit matter as the Company has significant credit risk exposure. The value of loans and advances on the balance sheet is significant and there is a high degree of complexity and judgment involved for the Company in estimating individual and collective credit impairment provisions and write-offs against these loans. The Company's model to calculate expected credit loss ("ECL") is inherently complex and judgment is applied in determining the three-stage impairment model ("ECL Model"), including the selection and input of forward-looking information. ECL provision calculations require the use of large volumes of data. The completeness and reliability of data can significantly impact the accuracy of the modelled impairment provisions. The accuracy of data flows and the implementation of related controls are critical for the integrity of the estimated impairment provisions.</p>	<p>We started our audit procedures with the understanding of the internal control environment related to Impairment loss allowance. Our procedures over internal controls focused on recognition and measurement of impairment loss allowance. We assessed the design and tested the operating effectiveness of the selected key controls implemented by the Company.</p> <p>We also assessed whether the impairment methodology used by the Company is in line with the requirements of Ind AS 109, "Financial instruments". More particularly, we assessed the approach of the Company regarding the definition of default, Probability of Default, Loss Given Default and incorporation of forward-looking information for the calculation of ECL.</p> <p>For loans and advances which are assessed for impairment on a portfolio basis, we performed particularly the following procedures:</p> <ul style="list-style-type: none"> • tested the reliability of key data inputs and related management controls; • checked the stage classification as at the balance sheet date as per definition of default; • validated the ECL model and calculation by involving our Information Technology Expert; • calculated the ECL provision manually for a selected sample; and • assessed the assumptions made by the Company in making accelerated provision, considering forward looking information and based on the status of a particular industry as on the reporting date. <p>For loans and advances which are written off during the year under audit, we read and understood the methodology and policy laid down and implemented by the Company in this regard along with its compliance on sample basis.</p>

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged With Governance for the Standalone Financial Statement

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations that needs to be disclosed in its financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts, which were required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure - A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Visco Trade Associates Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Description of reserves in statement of changes in equity

i) **General Reserve:**

General reserve is created and utilised in compliance with the provisions of the Act.

ii) **Special Reserve [Reserve Fund as per Section 45-IC of RBI Act, 1934]:**

Statutory reserves fund is required to be created by a Non-Banking Financial Company as per Section 45-IC of the Reserve Bank of India Act, 1934.

The Company is not allowed to use the reserve fund except with authorisation of Reserve Bank of India.

iii) **Retained Earnings:**

Retained earnings represents accumulated profits earned by the company and remaining undistributed as on date.

iv) **FVTOCI equity securities:**

The Company has elected to recognise changes in the fair value of certain investments in equity instruments through other comprehensive income.

These changes are accumulated within the FVOCI equity investments reserve. The Company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised.

This is the Statement of Changes in Equity referred to in our report of even date.

VISCO TRADE ASSOCIATES LIMITED
Notes forming part of the Financial Statement (Standalone)

1 The company is a NBFC (Non Deposit) company and in the business of Investment and Trading of share and providing Loans.

2 Significant accounting policies

2.1 Basis of accounting and preparation of financial statements

A Compliance with Ind-AS

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind-AS") as issued by the Ministry of Corporate Affairs ("MCA"). For all periods up to and including the year ended 31st March 2019, the Company had prepared its Standalone financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 [as amended], prudential norms for income recognition, assets classification and provisioning for non-performing assets as well as contingency provision for standard assets as prescribed by The Reserve Bank of India (RBI) for NBFCs and the guidelines issued by Securities and Exchange Board of India (SEBI) to the extent applicable, collectively referred as "Previous GAAP".

These financial statements for the year ended 31st March 2020 are the first financial statement under Indian Accounting Standards ("Ind-AS") consequent to the notification of The Companies (Indian Accounting Standards) Rules, 2015 (the Rules) as amended issued by the MCA. Further, in accordance with the Rules, the Company has restated its Balance Sheet as at 1st April 2018 and financial statements for the year ended as at 31st March 2019 also as per Ind-AS. For preparation of opening balance sheet under Ind-AS as at 1st April, 2018, the Company has availed exemptions and first time adoption policies in accordance with Ind-AS 101 "First-time Adoption of Indian Accounting Standards", the details of which have been explained thereof in **Note no 35**.

B Basis of Measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values.

C Measurement of fair value

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has established policies and procedures with respect to the measurement of fair values. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs). estimates.

D Use of estimates and judgements and Estimation uncertainty

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income, expenses and the disclosures of contingent assets and liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were issued. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities.

i) Employee Benefits

The present value of the defined benefit obligations and long term employee benefits depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost (income) include the discount rate. Any changes in these assumptions will impact the carrying amount of defined benefit obligations.

The Company determines the appropriate discount rate at the end of each year. This is the interest rate that should be used to determine the present value of estimated future cash outflows expected to be required to settle the obligations. In determining the appropriate discount rate, the Company considers the interest rates of Government securities that have terms to maturity approximating the terms of the related defined benefit obligation. Other key assumptions for obligations are based in part on current market conditions.

ii) Impairment charges on loans and advances

The measurement of impairment losses requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These are based on the assumptions which are driven by a number of factors resulting in future changes to the impairment allowance. A collective assessment of impairment takes into account data from the loan portfolio (such as credit quality, nature of assets underlying assets financed, levels of arrears, credit utilization, loan to collateral ratios etc.), and the concentration of risk and economic data (including levels of unemployment, country risk and performance of different individual groups). These significant assumptions have been applied consistently to all period presented.

iii) Effective Interest Rate (EIR) Method

The Company recognizes interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loans given / taken. This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well as expected changes to other fee income/expense that are integral parts of the instrument.

iv) Impairment of Financial Assets

The measurement of impairment losses on loan assets and commitments, requires judgement, in estimating the amount and timing of future cash flows and recoverability of collateral values while determining the impairment losses and assessing a significant increase in credit risk.

The Company's Expected Credit Loss (ECL) calculation is the output of a complex model with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL model that are considered accounting judgements and estimates include:

- The Company's criteria for assessing if there has been a significant increase in credit risk
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL model, including the various formulae and the choice of inputs
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL model

It has been the Company's policy to regularly review its model in the context of actual loss experience and adjust when necessary.

v) Provisions and other contingent liabilities

The reliable measure of the estimates and judgements pertaining to litigations and the regulatory proceedings in the ordinary course of the Company's business are disclosed as contingent liabilities.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

vi) Estimation uncertainty relating to the global health pandemic on COVID-19

The Company has considered internal and external information up to the date of approval of financial statements. In assessing the recoverability of property plant and equipments, receivables, intangible assets, cash and cash

equivalent and investments. The Company has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions; the Company expects to recover the carrying amount of these assets. The Company has concluded that the impact of COVID – 19 is not material based on these estimates .The impact of the global health pandemic may be different from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions

E First-time adoption of Ind AS –Exemptions and Exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS, which are considered to be material or significant by the Company.

i) Ind AS optional exemptions

a) Deemed cost for investment in subsidiaries and joint venture

Ind AS 101 provides a one time option to a first-time adopter either to measure its investment in subsidiaries and joint ventures as per previous GAAP carrying value or at fair value on the date of transition.

The Company has elected to measure its investment in subsidiaries and joint venture as per previous GAAP carrying value.

b) Leases

The Company has availed the exemption to assess whether an arrangement contains a lease based on facts and circumstances existing on date of transition to Ind As.

c) Deemed cost for property, plant and equipment and intangible assets

The Company has elected to measure property, plant and equipment, and intangible assets at its Previous GAAP carrying amount and use that Previous GAAP carrying amount as its deemed cost at the date of transition to Ind AS.

ii) Ind AS mandatory exceptions

a) Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1 April 2018 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company made estimates for following item in accordance with Ind AS at the date of transition as this was not required under previous GAAP.

b) Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets (investment in debt instruments) on the basis of the facts and circumstances that exist at the date of transition to Ind AS

F Revenue Recognition

Income

The Company recognises income (including rent, etc.) on accrual basis to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. However, where the ultimate collection of revenue lacks reasonable certainty, revenue recognition is postponed.

i) Interest Income on loans

Interest income from debt instruments is recognised using the effective interest rate (EIR) method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

Income from loan other than above is recognised on accrual basis as per the term and condition of the loan agreement, except in the case of non-performing assets where it is recognized, upon realization, as per the Prudential Norms / Directions of the Reserve Bank of India, applicable to Non-Banking Financial Companies.

ii) Dividends

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established, and it is probable that the economic benefits associated with the dividend will flow to the Company and that the amount of the dividend can be measured reliably.

iii) Sale of Stock in trade

Revenue from sale of stock for trade (shares/securities, commodities and mutual fund) is recognised when a binding obligation has been entered into and revenue can be reliably measured.

Profit/loss from derivative instrument (future and options) are recognized on a marked to market basis.

iv) Other Income

The Company recognises income on accrual basis as it becomes due.

G Property, Plant and Equipments (PPE)

PPE are stated at cost of acquisition (including incidental expenses), less accumulated depreciation and accumulated impairment loss, if any

Assets held for sale or disposals are stated at the lower of their net book value and net realisable value

Advances paid towards the acquisition of PPE outstanding at each balance sheet date are disclosed separately under other non-financial assets.

Capital work in progress comprises the cost of PPE that are not ready for its intended use at the reporting date.

Depreciation charge

Depreciation on PPE is provided on written down value (WDV) basis in accordance with the useful lives specified in Schedule II to the Companies Act, 2013 on a pro-rata basis

The estimated useful lives used for computation of depreciation are as follows;

Computer and data Processing Units	- 3 to 6 years
Office Equipments	- 5 years
Furniture and fixtures	- 10 years

PPE is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the net carrying amount of the asset) is recognised in other income / netted off from any loss on disposal in the Statement of profit and loss in the year the asset is derecognised.

Impairment of property, plant and equipment

An assessment is done at each balance sheet date as to whether there are any indications that an asset may be impaired. If any such indication exists, an estimate of the recoverable amount of the asset is made. Where the carrying value of the asset exceeds the recoverable amount, the carrying value is written down to the recoverable amount.

H Investment in Subsidiary

Investment in subsidiary are recognised at cost and not adjusted to fair value at the end of each reporting period. Cost represents amount paid for acquisition of the said investments. Loan and other similar arrangements with subsidiaries which are probable to be settled for a fixed number of equity share of the borrower for a fixed price are classified as equity investment.

The Company assesses at the end of each reporting period, if there are any indications that the said investments may be impaired. If so, the Company estimates the recoverable value/amount of the investment and provides for impairment, if any i.e. the deficit in the recoverable value over cost.

I Financial Instruments;

i) Recognition and Initial Measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in Statement of profit and loss.

ii) Classification of Financial Assets

On initial recognition, a financial asset is classified as measured at

- Amortised cost;
- Fair value through other comprehensive income (FVOCI) - equity instruments;
- Fair value through profit and loss account (FVTPL) ;

a) Amortised cost

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios being the level at which they are managed. The financial asset is held with the objective to hold financial asset in order to collect contractual cash flows as per the contractual terms that give rise on specified dates to cash flows that are solely payment of principal and interest (SPPI) on the principal amount outstanding. Accordingly, the Company measures Bank balances, Loans, Trade receivables and other financial instruments at amortised cost.

b) FVOCI - equity instruments

The Company subsequently measures all equity investments at fair value through profit or loss, unless the Company's management has elected to classify irrevocably some of its equity instruments at FVOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments and are not held for trading.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVOCI are measured at FVTPL.

c) Subsequent measurement of financial asset

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in Statement of profit and loss. Any gain and loss on derecognition is recognised in Statement of profit and loss.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to Statement of profit and loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for strategic purpose. Dividend income received on such equity investments are recognised in Statement of profit and loss.

Equity investments that are not designated as measured at FVOCI are designated as measured at FVTPL and subsequent changes in fair value are recognised in Statement of profit and loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in Statement of profit and loss.

iii) Financial liabilities and equity instruments:

At Amortised Cost

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by Company are recognised at the proceeds received. Transaction costs of an equity transaction are recognised as a deduction from equity.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-fortrading or it is a derivative or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in Statement of profit and loss. Any gain or loss on derecognition is also recognised in Statement of profit and loss.

iv) Derecognition

a) Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

b) Financial liabilities

A financial liability is derecognised when the obligation in respect of the liability is discharged, cancelled or expires. The difference between the carrying value of the financial liability and the consideration paid is recognised in Statement of profit and loss.

v) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

vi) Impairment of financial assets

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

> Trade receivables

> Financial assets measured at amortised cost (other than trade receivables and lease receivables)

> Financial assets measured at fair value through other comprehensive income (FVTOCI).

In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognised as loss allowance. In case of other assets, the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognised as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognised as loss allowance. Subsequently, if the credit quality of the financial asset improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognizing impairment loss allowance based on 12-month ECL. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

J Inventories

Items of Inventories are shares, which are valued at lower of cost and net realizable value.

K Earnings per share

Earning per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders, by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earning per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of share outstanding during the period are adjusted for the effects of all diluted potential equity shares.

L Taxation

Tax expense comprises of current tax and deferred tax.

Current income-tax are measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act,1961.

Deferred tax reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities. The deferred tax assets and deferred tax liabilities relate to the taxes on income levied by the same governing taxation laws.

Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

M Provisions

A provision is recognised when the company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance date and adjusted to reflect the current best estimates.

N Micro, Small and Medium Enterprises

There are no Micro, Small & Medium Enterprises, to whom the Company owes dues, which are outstanding for more than 45 days as at 31st March 2020. This information as required to be disclosed under the Micro, Small and Medium Enterprises Development Act, 2006 has been determined to the extent such parties have been identified on the basis of information available with the Company.

O Provisioning/ Written-off Assets

The Company makes provision for Standard and Non-Performing Assets as per the Non-Banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2007, as amended from time to time. The Company also makes additional provision towards loan assets, to the extent considered necessary, based on the management's best estimate.

P Cash and Cash Equivalents

Cash and Cash Equivalents in the Cash Flow Statement comprise of cash on hand and at bank, demand deposit with banks, cheques on hand, remittances in transit and short term highly liquid investments with an original maturity of three months or less.

Q Segment reporting

Based on the risks and returns associated with business operations and in terms of Indian Accounting Standard, the Company is predominantly engaged in a single reportable segment of 'Financing and Related Services'.

The Company has put in place well defined product programs with credit policy parameters defining the credit appetite for each product.

ii) Write off policy

Financial assets are written off either partially or in their entirety only when the Company has stopped pursuing the recovery. Any subsequent recoveries are credited to impairment on financial instrument in statement of profit and loss.

iii) Credit quality analysis

The company's policies for computation of expected credit loss are set out below :

Expected Credit Loss (ECL) is computed for loans and investments portfolio of the company. The loans and advances portfolio comprises of the following :

- i) Corporate Lending
- ii) Vehicle Lending

Investments measured at amortised cost is subjected to ECL.

c) Liquidity risk

Liquidity risk is defined as the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Company might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances.

The table below provides details regarding the remaining contractual maturities of significant financial liabilities at the reporting date.

d) Operational and business risk

Operational risk is the risk of loss arising from systems failure, human error, fraud or external events. When controls fail to operate effectively, operational risks can cause damage to reputation, have legal or regulatory implications, or lead to financial loss. The Company cannot expect to eliminate all operational risks, but it endeavours to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include maker-checker controls, effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes, such as the use of internal audit.

e) Other risk-impact of the Covid-19 Panademic

The spread of COVID-19 has severely impacted businesses around the globe. In many countries, including India, there has been severe disruption to regular business operations due to lockdowns, disruptions in transportation, supply chain, travel bans, quarantines, social distancing and other emergency measures. Company's office was under nationwide lockdown since March 24, 2020. As a result of lockdown the volumes for the month of March, 2020 have been impacted consequently, the performance for the month of March, 2020 has also been partially impacted. Operations are being resumed in a phased manner taking into account directives from the Government. The impact on our business will depend on future developments that cannot be reliably predicted. It is uncertain how long these conditions will last. The impact of global health pandemic might be different from that estimated as at the date of approval of these financial statements and the Company will closely monitor any material changes to future economic conditions. The Company has evaluated its liquidity position and of recoverability and carrying values of its assets and has concluded that no material adjustments are required at this stage in the financial statements.

The significant accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in note 2 (I) to the financial statements

Fair value hierarchy:

Ind AS 107, 'Financial Instrument - Disclosure' requires classification of the valuation method of financial instruments measured at fair value in the Balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fairvalue-hierarchy under Ind AS 107 are described below:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and place limited reliance on entity specific estimates. If all significant inputs required for fair value of an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities included in level 3.

The investments included in Level 2 of fair value hierarchy have been valued using quotes available for similar assets and liabilities in the active market. The investments included in Level 3 of fair value hierarchy have been valued using the cost approach to arrive at their fair value. The cost of unquoted investments approximate the fair value because there is a range of possible fair value measurements and the cost represents estimate of fair value within that range.

The following table summarises financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosure are required):

Notes:

i. To comply with the Companies (Accounting Standard) Rules, 2006, certain account balances have been regrouped as per the format prescribed under Division II of Schedule III to the Companies Act, 2013.

ii. Financial liabilities and related transaction costs:

Borrowings and other financial liabilities which were recognized at historical cost under previous GAAP have been recognized at amortised cost under IND AS with the difference been adjusted to opening retained earnings. Under previous GAAP, transaction costs incurred in connection with borrowings were charged to the statement of profit & loss in the year of borrowings. Under IND AS, transaction costs are deducted from the initial recognition amount of the financial liability and charged over the tenure of borrowing using the effective interest method.

iii. Financial assets at amortised cost:

Certain financial assets held on with an objective to collect contractual cash flows in the nature of principal and interest have been recognized at amortised cost on transition date as against historical cost under the previous GAAP with the difference been adjusted to the opening retained earnings.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF VISCO TRADE ASSOCIATES LIMITED
Report on the Audit of the Consolidated Financial Statements**

Opinion

We have audited the accompanying consolidated financial statements of Visco Trade Associates Limited (“the Company”), and its subsidiaries, (the Company and its subsidiaries together referred to as the “Group”) which comprise the Consolidated Balance Sheet as at March 31, 2020, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as the “consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2020, the consolidated loss and consolidated total comprehensive loss, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

We draw attention to Note no 27(e) to the consolidated financial statements which explains the uncertainties and management's assessment of the financial impact due to the lock-down and other restrictions and conditions related to the COVID-19 pandemic situation, for which a definitive assessment of the impact in subsequent period is highly dependent upon circumstances they evolve.

Our Opinion is not modified in respect of above matters

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter (KAM)	Auditor's Response
1.	<p>Transition to Ind AS</p> <p>In accordance with the roadmap for implementation of Ind AS for non banking financial companies, as announced by the Ministry of Corporate Affairs, the Company has adopted Ind AS from April 1, 2019 with an effective date of April 1, 2018 for such transition. For periods upto and including the year ended March 31, 2019, the Company had prepared and presented its financial statements in accordance with the erstwhile generally accepted accounting principles in India (Indian GAAP). In order to give effect of the transition to Ind AS these financial statements for the year ended March 31, 2020, together with the comparative financial information for the previous year ended March 31, 2019 and the transition date balance sheet as at April 1, 2018 have been prepared under Ind AS.</p> <p>The transition has involved significant change in the Company's policies and processes relating to financial reporting, including generation of reliable and supportable information.</p> <p>In view of the complexity arising from implementing the principles of Ind AS at the transition date, which could result in a misstatement in these Ind AS financials statements, this has been an area of key focus in our audit</p>	<p>Our audit procedure includes:</p> <ul style="list-style-type: none"> • Read the Ind AS impact assessment performed by the management to identify areas to be impacted on account of Ind AS transition. • Understood the financial statement closure process established by the Company for transition to Ind AS. • Read changes made to the accounting policies in light of the requirements of the new framework. • Assessed the judgement exercised by the management in applying the first-time adoption principles of Ind AS 101 especially in respect of fair valuation of assets and liabilities existing as at transition date. • Assessed the judgement applied by the Company in determining its business model for classification of financial assets. • Tested the accounting adjustments posted as at the transition date and in respect of the previous year to convert the financial information reported under erstwhile Indian GAAP to Ind AS. • Assessed disclosures included in the Ind AS financial statements in accordance with the requirements of Ind AS 101, with respect to the previous periods presented.

2.	<p>Impairment loss allowance of loans and advances</p> <p>Impairment loss allowance of loans and advances (“Impairment loss allowance”) is a key audit matter as the Company has significant credit risk exposure. The value of loans and advances on the balance sheet is significant and there is a high degree of complexity and judgment involved for the Company in estimating individual and collective credit impairment provisions and write-offs against these loans. The Company’s model to calculate expected credit loss (“ECL”) is inherently complex and judgment is applied in determining the three-stage impairment model (“ECL Model”), including the selection and input of forward-looking information. ECL provision calculations require the use of large volumes of data. The completeness and reliability of data can significantly impact the accuracy of the modelled impairment provisions. The accuracy of data flows and the implementation of related controls are critical for the integrity of the estimated impairment provisions.</p>	<p>We started our audit procedures with the understanding of the internal control environment related to Impairment loss allowance. Our procedures over internal controls focused on recognition and measurement of impairment loss allowance. We assessed the design and tested the operating effectiveness of the selected key controls implemented by the Company.</p> <p>We also assessed whether the impairment methodology used by the Company is in line with the requirements of Ind AS 109, “Financial instruments”. More particularly, we assessed the approach of the Company regarding the definition of default, Probability of Default, Loss Given Default and incorporation of forward-looking information for the calculation of ECL.</p> <p>For loans and advances which are assessed for impairment on a portfolio basis, we performed particularly the following procedures:</p> <ul style="list-style-type: none"> • tested the reliability of key data inputs and related management controls; • checked the stage classification as at the balance sheet date as per definition of default; • validated the ECL model and calculation by involving our Information Technology Expert; • calculated the ECL provision manually for a selected sample; and • assessed the assumptions made by the Company in making accelerated provision, considering forward looking information and based on the status of a particular industry as on the reporting date. <p>For loans and advances which are written off during the year under audit, we read and understood the methodology and policy laid down and implemented by the Company in this regard along with its compliance on sample basis.</p>

Information Other than the Consolidated Financial Statements and Auditor’s Report Thereon

The Company’s Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board’s Report including Annexures to Board’s Report, Corporate Governance and Shareholder’s Information, but does not include the consolidated financial statements and our auditor’s report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged With Governance for the Consolidated Financial Statement

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, Board of Directors is responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Boards of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

We did not audit the financial statements/ financial information of five (5) subsidiaries whose financial statements/information reflect total assets of Rs. 6,450.70 Lacs and net assets of Rs 6,376.31 Lacs as at March 31, 2020 and total revenue of Rs 739.33 Lacs, total net profit of Rs.5.95 lacs and total comprehensive income of Rs. NIL for the year and quarter ended March 31, 2020 and net cash inflow of Rs 26.49 Lacs for the year ended on that date as considered in the consolidated financial statements. This financial statement has been audited by other auditor whose report has been furnished to us by the Management and our opinion on the consolidated financial results is based solely on the report of the other auditor and procedures performed by us. Our report is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid.

b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Company so far as it appears from our examination of those books.

c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.

d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

e) On the basis of the written representations received from the directors of the Company as on March 31, 2020 taken on record by the Boards of Directors of the Company and its subsidiaries incorporated in India and the reports of the statutory auditors of its subsidiaries company incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Company and its subsidiaries company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

i. The company and its subsidiaries does not have any pending litigations that needs to be disclosed in its financial statements.

ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There has been no delay in transferring amounts, to the Investor Education and Protection Fund by the parent Company.

Annexure - A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Visco Trade Associates Limited ("the Company") and its subsidiaries as of March 31, 2020 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Boards of Directors of the Company and its subsidiaries company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal financial control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 5 (five) subsidiaries company, which is a company incorporated in India, was not audited us, and hence no opinion is formed in respect of such subsidiaries company.

VISCO TRADE ASSOCIATES LIMITED
Notes forming part of the Consolidated Financial Statement

1 The company is a NBFC (Non Deposit) company and in the business of Investment and Trading of share and providing Loans.

2 Significant accounting policies

2.10 Principles of Consolidation

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries.

Control is achieved when the Company:-

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- rights arising from other contractual arrangements; and

any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the Consolidated Statement of Profit and Loss from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Profit or loss and each component's other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

The financial statements of the Company and its Subsidiary Companies have been consolidated on a line-by-line basis by adding together like items of assets, liabilities, income and expenses. The financial statements of the subsidiary companies used in the consolidation are drawn up to the same reporting date as that of the Company.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation. Unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless transaction provides evidence of an impairment of the transferred asset.

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the noncontrolling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

The following subsidiaries have been considered in preparation of the consolidated financial statements:

Particulars Subsidiary	Country of Incorporation	% of ownership interest either directly or through subsidiaries	
		As at 31-03-2020	As at 31-03-2019
Twinkle fiscal & Impex (P) Ltd	India	100%	100%
Skypack Vanijya Private Limited	India	100%	100%
Marudhar Vintrade Private Limited	India	100%	100%
Lambodar Vintrade Private Limited	India	100%	100%
Chowrasta Stores Pvt Ltd	India	57.13%	57.13%

2.2 Basis of accounting and preparation of financial statements

A Compliance with Ind-AS

The Consolidated financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind-AS") as issued by the Ministry of Corporate Affairs ("MCA"). For all periods up to and including the year ended 31st March 2019, the Company had prepared its Standalone financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 [as amended], prudential norms for income recognition, assets classification and provisioning for non-performing assets as well as contingency provision for standard assets as prescribed by The Reserve Bank of India (RBI) for NBFCs and the guidelines issued by Securities and Exchange Board of India (SEBI) to the extent applicable, collectively referred as "Previous GAAP".

These Consolidated financial statements for the year ended 31st March 2020 are the first financial statement under Indian Accounting Standards ("Ind-AS") consequent to the notification of The Companies (Indian Accounting Standards) Rules, 2015 (the Rules) as amended issued by the MCA. Further, in accordance with the Rules, the Company has restated its Balance Sheet as at 1st April 2018 and financial statements for the year ended as at 31st March 2019 also as per Ind-AS. For preparation of opening balance sheet under Ind-AS as at 1st April, 2018, the Company has availed exemptions and first time adoption policies in accordance with Ind-AS 101 "First-time Adoption of Indian Accounting Standards", the details of which have been explained thereof in **Note no 25**

B Basis of Measurement

The Consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values.

C Measurement of fair value

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has established policies and procedures with respect to the measurement of fair values. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).estimates.

D Use of estimates and judgements and Estimation uncertainty

In preparing these Consolidated financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income, expenses and the disclosures of contingent assets and liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were issued. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities.

i) Employee Benefits

The present value of the defined benefit obligations and long term employee benefits depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost (income) include the discount rate. Any changes in these assumptions will impact the carrying amount of defined benefit obligations.

The Company determines the appropriate discount rate at the end of each year. This is the interest rate that

ii) Impairment charges on loans and advances

The measurement of impairment losses requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These are based on the assumptions which are driven by a number of factors resulting in future changes to the impairment allowance. A collective assessment of impairment takes into account data from the loan portfolio (such as credit quality, nature of assets underlying assets financed, levels of arrears, credit utilization, loan to collateral ratios etc.), and the concentration of risk and economic data (including levels of unemployment, country risk and performance of different individual risk groups). These significant assumptions have been applied consistently to all period presented.

iii) Effective Interest Rate (EIR) Method

The Company recognizes interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loans given / taken. This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well as expected changes to other fee income/expense that are integral parts of the instrument.

iv) Impairment of Financial Assets

The measurement of impairment losses on loan assets and commitments, requires judgement, in estimating the amount and timing of future cash flows and recoverability of collateral values while determining the impairment losses and assessing a significant increase in credit risk.

The Company's Expected Credit Loss (ECL) calculation is the output of a complex model with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL model that are considered accounting judgements and estimates include:

- The Company's criteria for assessing if there has been a significant increase in credit risk
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL model, including the various formulae and the choice of inputs
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL model

It has been the Company's policy to regularly review its model in the context of actual loss experience and adjust when necessary.

v) Provisions and other contingent liabilities

The reliable measure of the estimates and judgements pertaining to litigations and the regulatory proceedings in the ordinary course of the Company's business are disclosed as contingent liabilities.

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

vi) Estimation uncertainty relating to the global health pandemic on COVID-19

The Company has considered internal and external information up to the date of approval of financial statements. In assessing the recoverability of property plant and equipments, receivables, intangible assets, cash and cash equivalent and investments. The Company has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions; the Company expects to recover the carrying amount of these assets. The Company has concluded that the impact of COVID – 19 is not material based on these estimates. The impact of the global health pandemic may be different from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

E First-time adoption of Ind AS –Exemptions and Exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS, which are considered to be material or significant by the Company.

i) Ind AS optional exemptions

a) Deemed cost for investment in subsidiaries and joint venture

Ind AS 101 provides a one time option to a first-time adopter either to measure its investment in subsidiaries and joint ventures as per previous GAAP carrying value or at fair value on the date of transition.

The Company has elected to measure its investment in subsidiaries and joint venture as per previous GAAP carrying value.

b) Leases

The Company has availed the exemption to assess whether an arrangement contains a lease based on facts and circumstances existing on date of transition to Ind As.

c) Deemed cost for property, plant and equipment and intangible assets

The Company has elected to measure property, plant and equipment, and intangible assets at its Previous GAAP carrying amount and use that Previous GAAP carrying amount as its deemed cost at the date of transition to Ind AS.

ii) Ind AS mandatory exceptions

a) Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1 April 2018 are consistent with the estimates as at the same date made in conformity with

b) Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets (investment in debt instruments) on the basis of the facts and circumstances that exist at the date of transition to Ind AS

F Revenue Recognition

Income

The Company recognises income (including rent, etc.) on accrual basis to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. However, where the ultimate collection of revenue lacks reasonable certainty, revenue recognition is postponed.

i) Interest Income on loans

Interest income from debt instruments is recognised using the effective interest rate (EIR) method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

Income from loan other than above is recognised on accrual basis as per the term and condition of the loan agreement, except in the case of non-performing assets where it is recognized, upon realization, as per the Prudential Norms / Directions of the Reserve Bank of India, applicable to Non-Banking Financial Companies.

ii) Dividends

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established, and it is probable that the economic benefits associated with the dividend will flow to the Company and that the amount of the dividend can be measured reliably.

iii) Sale of Stock in trade

Revenue from sale of stock for trade (shares/securities, commodities and mutual fund) is recognised when a binding obligation has been entered into and revenue can be reliably measured.

Profit/loss from derivative instrument (future and options) are recognized on a marked to market basis.

iv) Other Income

The Company recognises income on accrual basis as it becomes due.

G Property, Plant and Equipments (PPE)

PPE are stated at cost of acquisition (including incidental expenses), less accumulated depreciation and accumulated impairment loss, if any

Assets held for sale or disposals are stated at the lower of their net book value and net realisable value.

Advances paid towards the acquisition of PPE outstanding at each balance sheet date are disclosed separately under other non-financial assets.

Capital work in progress comprises the cost of PPE that are not ready for its intended use at the reporting date.

Depreciation charge

Depreciation on PPE is provided on written down value (WDV) basis in accordance with the useful lives specified in Schedule II to the Companies Act, 2013 on a pro-rata basis

The estimated useful lives used for computation of depreciation are as follows;

Computer and data Processing Units - 3 to 6 years

Office Equipments - 5 years

Furniture and fixtures - 10 years

PPE is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the net carrying amount of the asset) is recognised in other income / netted off from any loss on disposal in the Statement of profit and loss in the year the asset is derecognised.

Impairment of property, plant and equipment

An assessment is done at each balance sheet date as to whether there are any indications that an asset may be impaired. If any such indication exists, an estimate of the recoverable amount of the asset is made. Where the carrying value of the asset exceeds the recoverable amount, the carrying value is written down to the recoverable amount.

H Investment in Subsidiary

Investment in subsidiary are recognised at cost and not adjusted to fair value at the end of each reporting period. Cost represents amount paid for acquisition of the said investments. Loan and other similar arrangements with subsidiaries which are probable to be settled for a fixed number of equity share of the borrower for a fixed price are classified as equity investment.

The Company assesses at the end of each reporting period, if there are any indications that the said investments may be impaired. If so, the Company estimates the recoverable value/amount of the investment and provides for impairment, if any i.e. the deficit in the recoverable value over cost.

I Financial Instruments;

i) Recognition and Initial Measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

ii) Classification of Financial Assets

On initial recognition, a financial asset is classified as measured at

- Amortised cost;

- Fair value through other comprehensive income (FVOCI) - equity instruments;

- Fair value through profit and loss account (FVTPL) ;

a) Amortised cost

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios being the level at which they are managed. The financial asset is held with the objective to hold financial asset in order to collect contractual cash flows as per the contractual terms that give rise on specified dates to cash flows that are solely payment of principal and interest (SPPI) on the principal amount outstanding. Accordingly, the Company measures Bank balances, Loans, Trade receivables and other financial instruments at amortised cost.

b) FVOCI - equity instruments

The Company subsequently measures all equity investments at fair value through profit or loss, unless the Company's management has elected to classify irrevocably some of its equity instruments at FVOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments and are not held for trading.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVOCI are measured at FVTPL.

c) Subsequent measurement of financial asset

Financial assets at amortised cost are subsequently measured at amortised cost using effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in Statement of profit and loss. Any gain and loss on derecognition is recognised in Statement of profit and loss.

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to Statement of profit and loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for strategic purpose. Dividend income received on such equity investments are recognised in Statement of profit and loss.

Equity investments that are not designated as measured at FVOCI are designated as measured at FVTPL and subsequent changes in fair value are recognised in Statement of profit and loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in Statement of profit and loss.

iii) Financial liabilities and equity instruments:

At Amortised Cost

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by Company are recognised at the proceeds received. Transaction costs of an equity transaction are recognised as a deduction from equity.

Financial liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-fortrading or it is a derivative or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in Statement of profit and loss. Any gain or loss on derecognition is also recognised in Statement of profit and loss.

iv) Derecognition

a) Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

b) Financial liabilities

A financial liability is derecognised when the obligation in respect of the liability is discharged, cancelled or expires. The difference between the carrying value of the financial liability and the consideration paid is recognised in Statement of profit and loss.

v) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

vi) Impairment of financial assets

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

- > Trade receivables
- > Financial assets measured at amortised cost (other than trade receivables and lease receivables)
- > Financial assets measured at fair value through other comprehensive income (FVTOCI)

In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognised as loss allowance. In case of other assets, the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognised as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognised as loss allowance. Subsequently, if the credit quality of the financial asset improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognizing impairment loss allowance based on 12-month ECL. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

J Inventories

Items of Inventories are shares, which are valued at lower of cost and net realizable value.

K Earnings per share

Earning per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders, by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earning per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of share outstanding during the period are adjusted for the effects of all diluted potential equity shares.

L Taxation

Tax expense comprises of current tax and deferred tax.

Current income-tax are measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act,1961.

Deferred tax reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities. The deferred tax assets and deferred tax liabilities relate to the taxes on income levied by the same governing taxation laws.

Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

M Provisions

A provision is recognised when the company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance date and adjusted to reflect the current best estimates.

N Micro, Small and Medium Enterprises

There are no Micro, Small & Medium Enterprises, to whom the Company owes dues, which are outstanding for more than 45 days as at 31st March 2020. This information as required to be disclosed under the Micro, Small and Medium Enterprises Development Act, 2006 has been determined to the extent such parties have been identified on the basis of information available with the Company.

O Provisioning/ Written-off Assets

The Company makes provision for Standard and Non-Performing Assets as per the Non-Banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2007, as amended from time to time. The Company also makes additional provision towards loan assets, to the extent considered necessary, based on the management's best estimate.

P Cash and Cash Equivalents

Cash and Cash Equivalents in the Cash Flow Statement comprise of cash on hand and at bank, demand deposit with banks, cheques on hand, remittances in transit and short term highly liquid investments with an original maturity of three months or less.

Q Segment reporting

Based on the risks and returns associated with business operations and in terms of Indian Accounting Standard, the Company is predominantly engaged in a single reportable segment of 'Financing and Related Services'.

Fair value hierarchy:

Ind AS 107, 'Financial Instrument - Disclosure' requires classification of the valuation method of financial instruments measured at fair value in the Balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fairvalue-hierarchy under Ind AS 107 are described below:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and place limited reliance on entity specific estimates. If all significant inputs required for fair value of an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities included in level 3.

The investments included in Level 2 of fair value hierarchy have been valued using quotes available for similar assets and liabilities in the active market. The investments included in Level 3 of fair value hierarchy have been valued using the cost approach to arrive at their fair value. The cost of unquoted investments approximate the fair value because there is a range of possible fair value measurements and the cost represents estimate of fair value within that range.

The following table summarises financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosure are required):
