**“ANNEXURE – A” TO THE COMPLIANCE CERTIFICATE  
FOR THE QUARTER ENDED 30TH SEPTEMBER, 2024”**

To,  
The Members,  
**VISCO TRADE ASSOCIATES LTD**

Our report of even date is to be read along with this letter.

We have been engaged by **VISCO TRADE ASSOCIATES LTD** ‘the Company’ to issue Compliance Certificate for the Quarter ended on **30<sup>TH</sup> SEPTEMBER, 2024**, in terms of Regulation 3(5) and 3(6) of the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 (‘PIT Regulations’) (‘Engagement’).

Accordingly, we have issued the Compliance Certificate for the Quarter ended **30<sup>TH</sup> SEPTEMBER, 2024**, of the even date which should be read along with this Annexure. Our certification, as above, is subject to the following:

Maintenance of Structured Digital Database (‘SDD’) is the responsibility of the board/management of the Company. The Engagement only seeks to certify the extent of compliance as required in terms of the Circular. Also, the certification does not cover other compliances under PIT Regulations. We have relied on the details, documents, information and explanations provided by the management and information freely available in the public domain for the purpose of issuance of the Compliance Certificate.

Wherever required, we have obtained the management representation about the happening/not happening of events, an information being in the nature of unpublished price sensitive information (‘UPSI’) or otherwise. We understand that the purpose of the Engagement is limited to checking compliance with the requirements pertaining to maintenance of SDD and capturing the nature of UPSI disseminated during the previous quarter. Accordingly, we have not gone into the question of determining whether an information is/was UPSI or otherwise. We have relied on the Company’s decision as to classifying (or not classifying) the information as UPSI. Wherever necessary, we have submitted our views to the management.

Further, none of the information shared with us by the Company during the Engagement has been tagged as UPSI by the Company. Hence, we understand that none of such information is an UPSI and thus, has not been treated as UPSI by us.

There may be several aspects involved in the certification which may be largely driven and determined by information technology systems, softwares and computer applications used for the purpose, e.g. controls on accessibility to SDD, maintenance of audit trail, non-tamperability of SDD, etc. As a part of review, we have made all efforts to check for the features in the SDD and take management representation, wherever required; however, we offer no comments and provide no

assurance as to the functioning, efficacy and suitability of such technology systems, softwares and computer applications, and our certification is limited to that extent.

We have followed the practices and the processes as were appropriate to obtain reasonable assurance about the sanctity of the processes and correctness of the contents of the records. Wherever deemed appropriate, the verification was done on a test basis. We believe that the processes and practices we followed provide a reasonable basis for our certification.
