UNIT TO COMMENCE BIZ IN 2025: CHANDRASEKARAN Foundation laid for Tata's ₹27,000-crore chip plant

FE BUREAU
New Delhi, August 3

TATA ELECTRONICS ON Saturday performed the ground-breaking ceremony of ₹27,000 crore assembly testing marking and packaging (ATMP) unit in Jagirad, Assam.

The unit is expected to commence operations by mid-2025, and will generate 27,000 direct and indirect jobs, the company said.

"At the Tata group a unique positioning we have taken to play in the entire value chain of the electronics ecosystem," said N Chandrasekaran, chairman of Tata Sons at the groundbreaking ceremony.

"Considering that we want to move fast, we are trying to accelerate the building of this factory.

"We hope sometime in 2025 we will be able to complete part of the facility and quickly start our operations," Chandrasekaran said.

"All the three major chip technologies being used in this plant including flip chip and I-SIP (integrated system in package) technologies, are indigenously developed," said Ashwini Vaishnaw, minister of electronics and IT.

"The proposed capacity of this unit is 48.3 million chips per day," he added.

In February, the Union Cabinet had approved semiconductor projects worth ₹1.26 trillion, under the ₹76,000 crore

Assam chief minister Himanta Biswa Sarma and Tata Sons chairman N Chandrasekaran, along with other dignitaries, at the ground breaking ceremony for Tata Electronics' semiconductor assembly and test facility, in Assam on Saturday

semiconductor incentive scheme. Among those projects, Tata's ₹91,000 crore fabrication unit in Dholera, Gujarat and ₹27,000 crore ATMP unit were there.

Chandrasekaran said advanced packaging and assembly of chips will happen at the

Assam unit and the company will also be adding additional capability to be able to design the chips for any industry.

The chips that will be assembled at the unit will power the electric vehicles, mobile phones, laptops, healthcare devices of global companies.

Jawa and Yezdi maker prepares for electric future; awaits infra upgrade

NARAYANAN V
Chennai, August 3

CLASSIC LEGENDS, THE maker of Jawa and Yezdi motorcycles, is working on electric two-wheelers but is waiting for external factors, including charging infrastructure, to improve before exploring commercial opportunities.

"We started our electric vehicle programme a long time ago. We can come into the market as and when somebody says there is a viable charging set up

available," Ashish Singh Joshi, CEO, Jawa Yezdi Motorcycles said here on Saturday.

He was launching Jawa Yezdi's 450th motorcycle dealership showroom in Chennai.

Joshi added that every manufacturer will be working on some electric vehicle but they can look at launching EV two-wheelers seriously only when the charging network improves.

"Our motorcycles are used for longer distances and rode in mountains, so we need charging infrastructure to support all of

that," he added.

Classic Legends reintroduced the iconic brand 'Jawa' to the Indian market in FY19 followed by Yezdi bikes in FY22. Currently, its Jawa portfolio includes Jawa 350, Jawa 42, Jawa 42 Bobber, and Jawa Perak, while there are three products under the Yezdi brand — Yezdi Adventure, Yezdi Scrambler, and Yezdi Roadster.

When asked which of these brands will go electric, Joshi mentioned that the company is brand-agnostic and all its brands can support electric vehicles.

Adani's Ambuja Cement to invest ₹1,600 crore in Bihar

ADANI GROUP-OWNED AMBUJA CEMENT LTD (ACL) on Saturday announced an investment of around ₹1,600 crore in Bihar to

set up a cement grinding unit at Warisaliganj in Nawada district. The 6 MTPA Warisaliganj cement grinding unit is the first ven-

ture in Bihar of ACL, which is aggressively expanding its capacity in the country, according to a statement from the Adani Cement entity.

"The facility with an overall capacity of 6 MTPA will be established at an investment of nearly ₹1,600 crore," it said. —PTI

"Once this facility expands, it will bring the entire semiconductor ecosystem companies. We will need several people (companies) who will produce different components and as we grow while those people will initially start to supply they will set up their units here," Chandrasekaran said, adding that the company will also invest in research and development.

Tata has already employed 1,000 people from Assam for the chip assembly unit who are undergoing training.

The setting up of this facility will herald industrial development in the state leading to employment opportunities for the youth, said Himanta Biswa Sarma, chief minister of Assam.
